- 1688 – Parcel Import and Parcel Service– Wednesday 8:30 am
- 1687 – Permit and Licensing Adjustments– Wednesday 10:00 am

Warranty vs Ideas

Warranty – Bugs in the software that prevent it from working as designed

Ideas – These are enhancements to improve or extend the design.

List is not exclusive – minor tooltips or warnings have been left out

Inspections

Inspections to display date and time event occurred

Many upgrades to the myInspections app

The screenshot shows a rich text editor interface with a toolbar at the top. The toolbar includes standard text formatting options (bold, italic, underline, strikethrough, subscript, superscript, text color, background color) and alignment options. Below the toolbar, the main text area contains a sample email notification for license renewals. The notification text includes several placeholder tags in red wavy underlines: [AmountCharged], [Licensee], [LicenseeAddress], [LicenseeContact], [LicenseNumber], [LicenseRenewalNumber], [RenewalDueDate], [LicenseType], [Licensee], and [LicenseeAddress]. To the right of the sample text, it says "The following tags are supported:". A red rectangular box highlights a dropdown menu that is open, listing the supported tags: [AmountCharged], [Licensee], [LicenseeAddress], [LicenseeContact], [LicenseNumber], [LicenseRenewalNumber], [LicenseType], and [RenewalDueDate].
